

GRADUS

FTR150 TRACKED FEEDER CONVEYOR

The FTR 150 feeder conveyor

The FTR 150 feeder conveyor is the latest range of products designed for the material handling industry. The FTR 150 is robust and extremely cost effective.

The FTR 150 has been designed for iron-ore, sand & gravel, aggregates, bauxite, coal and other related industries. The unit has a variable speed belt feeder and a 50ft (15m) long stockpiling conveyor which is ideal for truck/wagon/barge loading or to act as a surge feeder in a new/existing quarry plant. Like all Gradus products, the FTR 150 will fold and ship worldwide in a standard 40ft container.
